### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: the prior art fails to disclose or reasonably teach an ankle replacement prosthesis system comprising a jig sized to fit in an ankle joint between a tibia and talus to guide formation of the prosthesis receiving cavity, the jig including a post sized to rest in an intramedullary passage formed through the calcaneus and talus adjacent the ankle joint to orient the jig during formation of the prosthesis-receiving cavity and an upper and lower prosthesis, the upper prosthesis including a talo-calcaneal stem sized to extend within the prosthesis-receiving cavity and prevent movement of the joint between the talus and calcaneus. Thus claims 2 and 3 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
